TO THE HOUSE OF DELEGATES:

GENTLEMEN—The Board of Aldermen have adopted the accompanying
report of the *Judiciary* Committee in regard to
extension of the City Limits
and respectfully request your concurrence therein.

Clerk.

Geo. W. Hall

President

City of Seattle, Wash. Nov. 14th, 1890.

To the Hon. President and Members of the
House of delegates
of the City of Seattle

Gentlemen:-

We the undersigned your committee on Judiciary to
whom was referred the Petition of C. B. Bagley and others,
to extend the City limits, respectfully report as follows:

We find that said petition is regular and complies with
the requirements of law for such cases, and recommend that
it be transmitted to the Hon. Corporation Counsel with
instructions to prepare the proper ordinance for submitting
the proposition of extending said limits, to the people in
the manner provided by law.

Respectfully submitted

W. M. Shipley
G. V. P. Lansing
W. M. Wicks

Committee.

To The President and Board of Aldermen:

Your committee, to whom was referred the petition for the extension of the City limits of the City of Seattle, beg leave to report as follows:

The boundaries of the City of Seattle are already quite extensive; the proposed extension takes in a large section of country north of a portion of the present boundary.

Section Nine of an act, approved March 24, 1890, entitled "AN Act providing for the organization, classification, incorporation and government of municipal corporations" provides that the boundaries of the incorporation may be altered, and new territory included therein upon compliance with the provisions of Section Nine above referred to.

A petition is to be presented, signed by not less than one-fifth of the qualified electors of the old corporation as shown by the vote cast at the last municipal ^{election} held therein

The petition, in our judgment, although the statute is not clear, ought to show at least one-fifth of the actual voters in the district or territory sought to be annexed.

It seems that this petition complies with these statutory provisions.

The law requires that if there shall be favorable action by the City Council upon the petition, that an election shall be held at such time as the City Council may designate for the purpose of ascertaining whether the majority of the people under the old incorporation as well as a majority of the voters in the district sought to be annexed, are favorable to the annexation.

We are of the opinion that the City Council has a right

to determine in the first instance whether the annexation of the new territory is desirable or not; but this may be a little doubtful under the existing provisions of law. The City Council ought to be very careful to ascertain before putting the city to the expense of a special election that at least one-fifth of the actual voters in the old corporation, as well as, in the territory sought to be annexed, have actually petitioned for the annexation.

~~Very respectfully,~~

And your Committee after a careful consideration of all matters in relation to the prayer of the Petition would recommend the adoption of the report as presented by your Committee
